Dear AmTech International:

LIMBS International would like to send our sincere appreciation to AmTech International for supplying high-quality components. AmTech has been a valuable and generous resource for LIMBS in creating low-cost and high-quality prosthetic knees. Our partnership with AmTech has been distinguished by excellent quality parts and fantastic customer service. AmTech's generosity and cooperation enables LIMBS International to move forward in developing better prosthetic knees. Our mission to serve amputees in developing countries is only possible through partnerships with companies like AmTech. We look forward to continuing this partnership in the coming years.

Warm regards,
